LIVING WELL HEALTH
MANAGEMENT PROGRAMS
TODAY**

Call toll-free 1-866-844-4222

The Living Well Health Management programs are designed to provide education and information to the Fund's participants who have or have a family member with diabetes, a cardiovascular (heart) condition, or weight management issues. By participating in one of the programs, participants and their families learn self-management tools that may prevent acute flare-ups or the long-term complications associated with these conditions. We know having one or more of these problems is not easy, but when managed properly you can enjoy a healthier life.

Diabetes is on the rise. It is estimated that over 20.6 million people over the age of 20 have been diagnosed with diabetes. Approximately 11 million men and 10 million women and one in every 500 children have diabetes. Diabetes is known to cause blindness, blood vessel and nerve damage. Over 20,000 people a year with diabetes are blinded and over 100,000 people suffer from leg amputations. The diabetes program has been implemented to help you manage these diseases and lead a more satisfying life. Enrollment in the Living Well Health Management Programs allows you access to diabetic education as covered under your plan.

High blood pressure affects over 50 million people. Having high blood pressure is a health risk. It increases your chances for heart attack, stroke, kidney failure, and blindness. You can take steps to keep your blood pressure in control.

Excess weight and obesity are associated with heart disease, certain types of cancer, type 2 diabetes, stroke, arthritis, breathing problems, acid reflux, and psychological disorders, such as depression.

You can learn to prevent or reduce these risks by enrolling in the Living Well Health Management Programs today.

Participation in the program is voluntary and all information is confidential. Those who enroll in a Living Well Health Management Program will have a nurse who works with them to help manage their current condition. Enrollment in the plan is covered by the benefit plan at 100%.

There are no enrollment costs to you. You will, however, still have your normal plan deductibles and co-payments for doctor's visits etc.

Do you wonder about what foods to eat or what medications to take? Are you aware of side effects? How foods or the medications you are taking effect other medications?

Would you like to know what is new on the horizon that can better help you manage your particular healthcare problem?

Carbohydrates? Weight? Exercise?

Blood pressure? Meal plans?

Cholesterol levels? Medications?

The Living Well Health Management program has its own toll-free number, **1-866-844-4222**. Enrollment is easy. You don't have to leave your home. Just make a simple phone call. After you are enrolled, the nurse will send you a packet of healthcare materials based on your individual needs. You will receive important information on topics such as diabetes control, nutrition, exercise, meal plans and recipes. The program nurses are your personal contacts when you have any questions or concerns. You will receive periodic newsletters filled with information. The nurses will speak with you on a regular basis to see how you are doing and they will keep track of your important information, such as doctors' appointments, new lab results and medication changes.

Please call and enroll, it only takes a few minutes. By participating in a program, you and/or your family members can learn self-management skills that help you to better manage your own health. Knowledge is power. By educating yourself, you will feel better and have a much improved quality of life.

BlueCross BlueShield of Illinois

Blue Access for MembersSM

Secure access to health care tools and tips

Get information about the cost of procedures, find a doctor or request a member ID card, anytime, anywhere. Use your mobile phone, tablet or computer to access the Blue Cross and Blue Shield of Illinois (BCBSIL) secure member website, Blue Access for Members (BAMSM).

With BAM, you can:

- Locate a doctor or hospital in your plan's network
- Find Spanish-speaking providers
- Request a new ID card — or print a temporary one
- Visit Health Care School to see informative articles and videos to help you make the most of your benefits

Any covered dependent age 18 and older can have his or her own BAM account.

It's easy to get started

From your mobile phone, tablet or computer*:

- 1 Go to bcbsil.com/member.
- 2 Click Register Now.
- 3 Use the information on your BCBSIL ID card to complete the registration process.

Message and data rates may apply.

Find what you need with Blue Access for Members

The screenshot shows the Blue Cross Blue Shield of Illinois website interface. At the top, there is a navigation bar with links for Message Center, Settings, Log Out, Information in Spanish, Help, Contact Us, Feedback, and Language Assistance. Below this is the Blue Cross Blue Shield of Illinois logo and a main navigation menu with buttons for Home, My Coverage (1), My Health (2), Doctors & Hospitals (3), and Forms & Documents (4). A 'BlueAccess' logo is also present. The main content area includes a 'Welcome' message with the last login date (10/23/2016). On the left, there is a 'Message Center' (5) showing 'You have no messages' and a 'Quick Links' (6) section with options like Control, Member Discount Program, Manage preferences, and Find a Doctor, Hospital or Dental. Below that is a 'Stay Updated' section with social media icons and a 'Cost Estimator' (7) featuring a woman's face. The central 'MY HEALTH' section has a 'What is Stress?' article with a stack of books and a 'Read More' button. On the right, there is a 'Health Care School' section titled 'In Network vs. Out of Network' with a 'Learn More' button. At the bottom left, there is a 'Settings' (8) icon and a 'Contact Us' (9) icon.

- 1 **My Coverage:** Review your coverage information.
- 2 **My Health:** Make more informed health care decisions by reading about health and wellness topics and researching specific conditions.
- 3 **Doctors & Hospitals:** Use Provider Finder® to locate a network doctor, hospital or other health care provider and get driving directions.
- 4 **Forms & Documents:** Use the form finder to get medical forms quickly and easily.
- 5 **Message Center:** Receive general health information via secure messaging.
- 6 **Quick Links:** Go directly to some of the most popular pages, where you can find out about the member discount program, order replacement ID cards, manage preferences and more.
- 7 **Cost Estimator:** **You may be able to save money on your next visit by comparing costs before you go.** Find out how much tests, treatments and procedures may cost at different locations to help you make an informed choice.
- 8 **Settings:** Set up notifications and alerts to receive updates via email, review your member information and change your secure password at any time.
- 9 **Contact Us:** Learn how to reach BAM technical support if you have issues with the website.

Because Your Health Counts – It's Important to Know Where to Go When You Need Care

Sometimes it's easy to know when you should go to an emergency room (ER), at other times, it's less clear. You have choices for in-network care that work with your schedule and gives you access to the kind of care you need. Know when to use each for non-emergency treatment.

Your Doctor's Office

Your own doctor may be the best place to go for non-emergency care, such as health exams, routine shots, colds, flu and minor injuries. Your doctor knows your health history, the medicine you take, your lifestyle and can decide if you need tests or specialist care. Your doctor can also help you with care for a chronic health issue, such as asthma or diabetes.

Retail Health Clinic

When you can't get to your regular doctor, walk-in clinics – available in many retail stores – can be a lower-cost choice for treatment. Many stores have a physician assistant or nurse practitioner who can help treat ear infections, rashes, minor cuts and scrapes, allergies and colds.

Urgent/Immediate Care Clinic

These facilities can treat you for more serious health issues, such as when you need an X-ray or stitches. You will probably have a lower out-of-pocket cost than at a hospital ER and you may have a shorter wait.

Hospital Emergency Room

Any life-threatening or disabling health problem is a true emergency. You should go to the nearest hospital ER or call **911**. When you use the ER for true emergencies, you help keep your out-of-pocket costs lower.

Knowing where to go for care can make a big difference in cost and time. Here's how your options compare¹:

	Average Costs	Average Wait Times	Examples of Health Issues
 <p>Your Doctor's Office Your doctor knows your medical history best</p>	\$	⌚ 24 minutes*	<ul style="list-style-type: none"> • Fever, colds and flu • Minor burns • Ear or sinus pain • Shots • Sore throat • Stomach ache • Physicals • Minor allergic reactions
 <p>Retail Health Clinic Convenient, low-cost care in stores and pharmacies</p>	\$	⌚ 15 minutes	<ul style="list-style-type: none"> • Infections • Minor injuries or pain • Flu shots • Skin problems • Cold and flu • Shots • Sore and strep throat • Allergies
 <p>Urgent Care Clinic Immediate care for issues that are not life-threatening</p>	\$\$\$\$	⌚ 11-20 minutes**	<ul style="list-style-type: none"> • Migraines or headaches • Abdominal pain • Urinary tract infection • Back pain • Cuts that need stitches • Sprains or strains • Animal bites
 <p>Hospital Emergency Room For serious or life-threatening conditions</p>	\$\$\$\$\$\$	⌚⌚⌚⌚ 4 hours, 7 minutes***	<ul style="list-style-type: none"> • Chest pain, stroke • Head or neck injuries • Fainting, dizziness, weakness • Problem breathing • Seizures • Sudden or severe pain • Uncontrolled bleeding • Broken bones

^{***}Emergency Department Pulse Report 2010 Patient Perspectives on American Health Care, Press Ganey Associates.

Urgent Care or Freestanding Emergency Room

Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs are higher, just as if you went to the ER at a hospital. Here are some ways to know if you are at a freestanding ER.

Freestanding ERs:

- Look like urgent care centers, but have EMERGENCY in the facility name.
- Are separate from a hospital but are equipped and work the same as an ER.
- Are staffed by board-certified ER physicians and are subject to the same ER copay.

Find urgent care centers¹ near you by texting² **URGENTIL** to **33633** and then type in your ZIP code.

Need help finding a network provider?

Use Provider Finder[®] at **bcbsil.com** or call the Customer Service number on the back of your member ID card. If you need emergency care, call **911** or seek help from any doctor or hospital right away.

¹Relative costs described are for independently contracted network providers. Costs for out-of-network providers may be higher.

²The closest urgent care center may not be in your network. Be sure to check Provider Finder to make sure the center you go to is in-network.

³Message and data rates may apply. Read terms, conditions and privacy policy at bcbsil.com/mobile/text-messaging.

24/7 Nurseline is not a substitute for a doctor's care. Talk to your doctor about any health questions or concerns.

The information provided is not intended as medical advice, nor meant to be a substitute for the individual medical judgment of a doctor or other health care professional. Please check with your doctor for advice. Coverage may vary depending on your specific benefit plan and use of network providers. For questions, please call the Customer Service number on the back of your ID card. This information is intended solely as a general guide to what services may be available. The actual availability of services may vary greatly from location to location. The information is not intended to be medical advice. If you have questions about any health concern, you should discuss them with your health care provider.

Benefit by Seeing a Guardian DentalGuard Preferred Select Network Dentist!

Cost Savings

- Guardian network dentists have agreed to accept discounted procedure fees that average 37% less than what dentists usually charge*.
- Network dentists' lower fees-per-service allow you to stretch your annual benefit maximum and receive more services – helping you to take better care of your health.

Top-Notch Dentists Providing Quality Dental Care

- Each dentist's credentials are examined by an independent agency. Dentists are recredentialed every three years on a rotating basis.

Find an In-Network Provider

Go to: www.GuardianAnytime.com

On the top of the page Choose "Find a Provider"

Click on "Find a Dentist"

Use the "Advanced Search" tab

1. Enter a Zip Code or City and State
2. Choose 'PPO' for the plan and 'DentalGuard Preferred Select' for the network
3. Choose dentist type if desired (or skip this step)
4. Enter dentist name if searching for a specific provider
5. Choose additional criteria if desired (or skip this step)

Hit the "Search" button at the bottom right of the page

Mobile app — Good health is in your hands

The mobile app provides easy, on-the-go access to your personalized health information. Once you have your member ID number, download the app to take advantage of the benefits your pharmacy plan offers.

With the mobile app in your pocket:

- Never miss a dose. Set reminders to take your prescription or over-the-counter medications.
- Stay on top of medication refills. See when refills are due, get refill reminders and quickly contact your pharmacy.
- Show your doctor exactly what medications you are taking.
- Pull up your medication history anytime.
- Learn about medication side effects and interactions.
- Find network pharmacies by ZIP code or location, then check and compare current prescription prices.
- Have one-touch access to your electronic pharmacy ID card.
- Order refills from home delivery.

Managing your prescription medications is a key part of managing your health. Take your medication information with you wherever you are with the mobile app.

Scan now for
the mobile app

Get the app by searching for **OptumRx/CatamaranRx** at the Apple App StoreSM, Google PlayTM or scanning the QR code.

We get to know you. Our care providers help you stay on track with your treatment. We stay in direct contact with you and your doctor.

Fast, reliable service

Easy enrollment to get you started right away. Free and fast home delivery of medications. We're always there to remind you of refills and answer questions.

BriovaRx provides treatment for complex conditions including:

- Ankylosing Spondylitis
- Cancer
- Crohn's Disease
- Enzyme Deficiencies and Lysosomal Storage Disorders
- Growth Hormone Deficiency
- Hemophilia
- Hepatitis C
- Infertility
- Juvenile Arthritis
- Multiple Sclerosis (MS)
- Organ transplant
- Osteoarthritis
- Psoriasis
- Rheumatoid Arthritis
- Respiratory Syncytial Virus (RSV)

To learn more about our personalized care, call 855-4BRIOVA (855-427-4682)

or visit BriovaRx.com

Fill your prescriptions with home delivery.

How it works.

- 1 **Order up to a three-month supply** of your maintenance medications — ones you take regularly — by mail, phone or online.
- 2 **OptumRx® fills your order**, mails it to you and lets you know when to expect your delivery.
- 3 **Your medication arrives** within 7 to 10 days of placing the order. OptumRx will notify you if there will be a delay in your order.

Four easy ways to enroll:

Online.

Log in to the website on the back of your member ID card.

Phone.

Call the toll-free number on the back of your member ID card.

Mail.

Complete the attached order form and mail it to
OptumRx, P.O. Box 2975, Mission, KS 66201.

ePrescribe.

Or your doctor can send an electronic prescription to OptumRx.

Manage your medication home delivery on the go.

Order and track your prescriptions online or with our app.

The benefits of home delivery.

Your medication is delivered right to your mailbox, saving you a trip to the pharmacy.

Your maintenance medication could cost less.

Pay nothing for standard shipping.

Phone, text¹ and email reminders help you remember every dose and every refill.

¹ OptumRx provides this service at no additional cost. Standard message and data rates charged by your carrier may apply.

Home delivery frequently asked questions

Why should I use home delivery for my prescriptions?

Home delivery is a convenient and cost-effective way for you to order up to a 90-day supply of maintenance or long-term medication for delivery to your home, office or location you choose. Make fewer trips to the pharmacy and save money on your prescriptions.

What is a maintenance medicine?

A maintenance medicine is one you take on a regular basis for long-term conditions such as arthritis, diabetes, high blood pressure, ulcers and many others.

How do I use home delivery for a new prescription?

1. Enroll in home delivery online at optumRx.com/myCatamaranRx.

You'll need to provide your address and payment details as well as health and allergy information. Or, you can fill out an order form and mail it to the address on the form.

2. Have your doctor write your prescription for the number of days your plan allows for mail order (for example, 90 days). Your doctor can call, fax, or electronically prescribe your medication for home delivery.

If your doctor gives you a written prescription, fill out an order form. This form includes a confidential patient profile section. Write the member identification number, patient name and patient date of birth on the back of each prescription. If you are sending a prescription for a family member, fill out an order form for that patient.

3. Mail the form with the prescription(s) and copay to the address on the order form.

4. We will ship orders to the address you provided.

5. Make sure you review your order within 21 days of receiving it. Contact us immediately to report any issues. Member service representatives and clinical pharmacists are available to discuss any questions. Call the phone number on your ID card.

How do I refill a prescription I have already received through home delivery?

Do one of the following:

- Visit the website on your ID card. You may be also able to set up auto refill for your medications.
- Call the phone number on your ID card or on your prescription bottle.

- Send in the refill slip that came with your previous order. Be sure to include your copay.

How can my doctor order a prescription for me?

Instead of writing a prescription, your doctor may:

- Call us at the phone number listed on your ID card.
- Fax directly to the pharmacy location. Note that to be legally valid, the fax must originate from the doctor's office. All state laws apply.
- Electronically prescribe your medication for home delivery.

In addition to prescription information, your doctor must provide member ID number, patient name and patient date of birth.

Timing and shipping

When will I receive my order?

You should receive your order within 14 days from the time we receive your prescription order. Generally it takes one to two days to be processed and mailed if no additional information is required.

Please allow a few extra days for your first order. You can track your order on the website listed on your ID card, or you can call member services.

What could cause a delay in prescription processing?

Your prescription could be delayed if:

- Your prescription is incomplete or unreadable
- There is a manufacturer backorder
- Your medication requires prior authorization

We will notify you if there will be a delay with your prescription shipment. Your prescriptions may ship in separate packages to avoid delaying your whole order, if necessary.

Note: Orders received without payment may cause processing delays and extended delivery times.

How can I check on the status of my prescription order?

Visit the website or call the phone number on your ID card.

You can also opt in for email shipping notifications through our website.

Am I charged for shipping?

No, shipping is free. Rush shipping is available for an extra charge.

If I pay for rush shipping, when will my prescription arrive?

Rush shipping reduces only the shipping time for your order. It does not affect the time it takes to process your prescription at our pharmacy. Quality checks and exceptions (such as needing additional information from your doctor, prior authorizations or drug interactions) can delay your prescription.

Why am I receiving overnight shipping when I did not request it?

We ship certain medications with special handling requirements overnight at no charge to you. This may include prescriptions for controlled substances or medications that are temperature sensitive.

What happens if I don't receive my order?

If you do not receive your order within 14 days, please contact us. We will reship your order. It is our priority to make sure you have the medication you need.

Prescription refills

How do I know whether I have refills remaining on my prescription?

The number of refills allowed is noted at the bottom of your medication label, on your refill form and on the website listed on your ID card.

How soon can I order a prescription refill?

For most prescriptions, you may reorder when you have approximately three weeks of your prescription left. Your prescription label includes a target date for refilling the prescription.

When you order refills online or through the automated phone system, you will receive a message if your prescription is "too soon to refill." You will be given the date when refills will be available.

If you place a refill order after the expiration of your prescription, or if no refills are remaining, we will contact your doctor for a new prescription. This may cause a slight delay.

I have a prescription on file at a retail pharmacy; can I order refills by home delivery?

Yes, however a new prescription from your doctor is recommended.

Medication coverage and cost

What drugs are covered?

Your plan decides which medications are covered through home delivery. To look up a specific medication, visit the member website on your ID card or call member services.

How much will my medicine cost me?

Look up the cost of your prescription using Price and Save on your member website.

How can I pay for my home delivery prescriptions?

We accept checks, money orders or major credit cards. When you set up an online profile, you can choose to have a preferred credit card securely kept on file for future orders.

Miscellaneous

How do I get additional order forms?

You can print order forms on the member website listed on your ID card. You will also receive a reorder form, refill form and pre-addressed envelope with each prescription mailed to you.

Can I speak with a pharmacist if I use home delivery?

Yes, pharmacists are available to answer any medication questions. Call the number on your prescription bottle or your ID card.

Can I fax my prescription that I received from my doctor?

No. Legally, we can only accept faxed prescriptions from your doctor's office.

Is my information kept private?

Yes. We ask you for some personal information and we keep this information completely private. We use this information to help make sure you get the best care possible.

Why did I receive less than a 90-day supply of my prescription?

The most common reason is that your doctor may have only written the prescription for 30 days, or a prepackaged medication may not be packaged as a larger days supply. Remember to ask your doctor to write a prescription for up to a 90-day supply, with up to three refills, if your doctor determines it's appropriate.

What is a "controlled" medicine?

A controlled medicine, such as a narcotic, has stricter guidelines and may be handled differently than non-controlled medicines, such as a medication for diabetes. We adhere to federal and state laws in the dispensing of all medicines. State law may require a copy of a state-issued ID, such as a driver's license, for controlled medications to be dispensed.

Questions? Visit the member website or call the phone number listed on your ID card.

Health and Welfare Fund

300 South Ashland Avenue, Suite 201, Chicago, Illinois 60607
Telephone 312-829-6506

Dear Plan Participant:

February 2017

YOU CAN SAVE MONEY ON YOUR DIAGNOSTIC HEALTHCARE COSTS:

Beer Industry - Local Union 703 Health and Welfare Fund would like to remind you of your option to have **diagnostic services covered at 100% of cost** when your appointments are scheduled through the *FUND APPROVED* service provider; **ABSOLUTE SOLUTIONS.**

Absolute Solutions has developed a national network of over 2,500 hospitals, independent facilities, and medical centers that provide various diagnostic scans. Absolute Solutions Representatives will schedule and manage your diagnostic radiology test from beginning to end on your behalf.

WHAT SHOULD I DO TO SAVE MONEY ON MY DIAGNOSTIC SERVICES:

When your doctor advises you obtain an MRI, CT, PET, X-Ray, Ultra-Sound or Mammogram, inform your doctor that you **MUST CALL ABSOLUTE SOLUTIONS AT 1-800-321-5040** for scheduling prior to services being performed in order to have your diagnostic services paid at 100% by Beer Industry - Local Union No. 703 Health and Welfare Fund. Scheduling an approved diagnostic service through the ABSOLUTE SOLUTIONS network means you will NOT PAY a copay or ANY other co-insurance fee.

Simply ask your doctor to provide you with the written Diagnostic Service Order requested and then contact ABSOLUTE SOLUTIONS by telephone at 1-800-321-5040. An Absolute Solutions Representative may ask that your order be faxed to them at 1-888-893-5330. It may also be helpful for you to have your physician's telephone number available for the Absolute Solutions representative in the event they need to obtain the order directly from the physician on your behalf.

Take advantage of this program and carry the enclosed Absolute Solutions service card to remind you during each office visit of your 100% savings option.

**** If you decide not to schedule your diagnostic services through Absolute Solutions, normal Plan deductible and co-insurance will apply for all charges associated with those services.*

**BEER INDUSTRY -
Local Union No. 703
Health and Welfare Plan**

Statement of Grandfathered Status

The Board of Trustees believes that the Plan of the Beer Industry Local Union No. 703 Health and Welfare Fund is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply, and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status, can be directed to the Fund Office at 312-829-6506. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

ABSOLUTE SOLUTIONS - Sample of Illinois Diagnostic Service Locations for
 BEER INDUSTRY - Local Union No. 703 Health and Welfare Plan Participants

Dear Plan Participant - For your convenience, below is a short list of locations where you can obtain the diagnostic services requested by your physician. In order to use your 100% coverage of diagnostic service costs under the Plan, you **MUST CONTACT ABSOLUTE SOLUTIONS** to schedule your scan. This list, which only includes Illinois locations, is subject to change at anytime. An ABSOLUTE SOLUTIONS representative will be able to provide you with other location options for the provider nearest you when you **call ABSOLUTE SOLUTIONS at 1-800-321-5040 to schedule your scan appointment.**
